Major is a very fancy broke gelding with a great pedigree and a lot of talent. He's been used as a turn back horse in the cutting pen and also extensively doing ranch chores. We have been heading steers on Major and he is making a very nice horse. He scores, leaves flat, and plenty of run. We have hauled him to a couple little jackpots and he is ready to start hauling. 100% sound and gentle. www.meyershorseco.com.

"Cotton" is a 7 yr. old palomino gelding. If you want one that has it all look no further! Cotton is the whole package with his size, big bones, color, speed, and good disposition. He is 15.1 hands, sound, gentle, started nice in the heading, rides around broke, and has done absolutely everything on the ranch.

Check out this buckskin colts pedigree! He has the breeding and the looks to do great as a ranch or rodeo competitor. Spur has personality plus, extremely gentle, and easy to handle. Turn around and there he is wanting your attention. Has learned quickly from day one. He has the heart and willing attitude for any job you give him. Has been raised around cattle and dogs. 1D barrel horse multiple championships KIOT Senior rodeos 2007-2011. Placed in McSpaden, Ranch Rodeo and Bristol pasture roping & barrel race. Good pole horse has been headed on in the # ropings @ Lazy E, Roan Horse, and Rodeos. This horse has also been used on ranch doing pasture work. Used on trail riding, Pawhuska, Caney, Ozark Mountains, and Medicine Lodge. He is easy to catch, shoe, loads good, hauls well, and has excellent feet. Owner selling due to age and health reasons. If you need an all around horse take a good look at this one.
This good looking gelding is the real deal. He's a stout 15 hh ranch horse who's had everything thrown at him and done it all easily. He's been used extensively in a community pasture: roping, tying off and treating cattle and in local pasture: splitting cattle pairs, moving/sorting mares. In addition, his steady personality makes him an all-around family horse. Carry out his day job in the pasture and send the kids out with him in the evenings to have fun and be safe. He's taken riders from a first time 12 yr. old to a 72 year old trail rider. He just does his job and is safe, safe, safe. He will make someone a very happy rider. He is registered sorrel but as you can see he is now gray.

This little mare that's really broke to ride. Fancy handle on her.

Solis blue roan AKA Badaboom. He should mature at 16 hands. This awesome horse has, not only great temperament & manners but has been carefully started and ready to go with shoes/vetting/professional dentist on March 3rd. I have no doubt we will regret letting this class act stallion go. He will make a terrific stud prospect, or a roping/riding horse for anyone. He is a trustworthy no BS kind of a guy. No bad habits. Gets along well with others. The world is his oyster right now. You will make no mistake taking this one home.

Here is a proven head horse. He scores the best, fires across the line, gets ahold of a steer like one should, has a strong lateral move and a hip around face up. A 16 hand 1420 lbs. good looking, big muscled horse with plenty of run that can handle any pen of cattle. One owner horse his whole competitive life. Has been to the pay window multiple times at World Series, USTRC (including regionals and finals) and other jackpots. Sound, safe and gentle to be around; he will fit any number roper. Only selling him due to my health issues. To view video on YouTube search MDC Special Tucker.

12 yr. old buckskin mare. Been there done that mare. She is automatic on the barrel pattern. If you can ride you can run barrels on her. Ropes both ends in the arena and been used as a hazing horse. Used to drag calves during branding, rope, and doctor cattle. You tie onto it, she will drag it. This mare would make a great multi event horse or use her on the ranch or both. Requires no maintenance or special feed. Nice mare. I have owned her since she was a 4 yr. old.

I bought him as a 5 yr. old in the fall of 2013, I have used him since in all aspects of my cow calf operation. He has roped and doctored cattle outside in tough country. I have calved out on him, and has been used in the branding pen. He is enjoyable to sort on. He will move around off his hindquarters when needed, but settles quietly just as soon as you would like one to. This horse stays quiet and gentle, even after being turned out. He can really walk out if you need to cover some miles outside, and he knows what a full day's work is all about. He will not get fresh or become a bronc. My 8 yr. old son has ridden him, as well as my 70 year old mother, trusting him to be a gentleman has never been an issue. I started heeling on him in the spring of 2014, and he is really easy to rope on with lots of cow and rate, with a smooth stop. I started heading on him in the fall of 2015, and he is progressing nicely.

He is broke to ride but unfortunately stuck his right front foot in a panel as a 3 yr. old and has a bone chip that will get sore after a day or two of riding. He is easy to handle and hand breed or would do fine turned out to pasture breed also. His colts all have big bone structure, fantastic friendly disposition at birth and 95% color of dark blue roans, grays, and bay and red roans. His paternal grand sire is Don's great sire, BlueJay, which goes back to Speck Randal by Poco Bueno on both sides. His dam is a great grand daughter of Lowry Star by Lowry Hancock Jr on the top and goes back to Three Bars on both sides. This is a cowboy's horse that will produce colts to make you proud to go gather the yearlings on or take to the arena and beat'em in every event.

Chic is a well made, stout mare that has been used for all types of ranch work and is ready for any level rider and any job you need her for! This kind mare was bred and raised at K-State, went through the colt training classes, spent a number of years as a broodmare and then brought back into the barn as a rider. Since September of 2015 she has been roping and doctoring calves, gathering and sorting pairs and showing off her natural talent in the arena. She would make an excellent kids ranch horse and is fancy enough to show or be put back in the broodmare herd. She has passed down her incredible ability and movement to all her foals! Please check the K-State Horse Unit Facebook page for pictures and videos!

Cowboy was purchased as a weanling. He will do anything asked of him on the ranch really well and has been in ranch rodeos as well as shown in ranch horse competitions.

Sired by AQHA World Show Qualifier Vegas Resort (by 2002 World Show Superhorse Popular Resort Figure). Poker is AQHA Incentive Fund nominated and used this spring in a cow/calf herd.
Nice head horse that scores solid with plenty of run, and easy to rope on. He has been used outside, and rides around nice, he travels well and a very nice gelding to be around. He is easy to shoe, and hauls nice. Videos are available upon request.

He has done everything on the ranch. Started calf roping and heading. He has been through a barrier at a high school rodeo.
Doc has been used in all aspects in the feed lot. We have roped and doctored a lot of cattle out on stocks & pasture. Drug calves to the fire at brandings. We have mainly headed on Doc in the arena but is nice to heel on as well. He’s been hauled quite a bit to ropings. He stands 15.2 and weighs 1250 lbs. Nice all around gelding.

Reka is a well built mare by 2004 AQHA Reserve World Champion Sr Heading Mr Gold Bucks. She has done all phases of ranch work and is a really nice head horse that anyone should get along with. Will be shown in the preview.

Athletic stylish gelding. Riding and ready to go to work. His bloodlines go to Freckles Playboy, Peppy San Badger & Two Eyed Jack. He would make a barrel horse prospect or cattle events. His dam showed in ranch sorting.

Really nice broke gelding that has been hauled a lot to barrel races and to a few jackpots as a head horse. He has run 1D & 2D times frequently and is very competitive. Have headed around 300 steers on him. Lots of speed with a big face. He has been used in pasture last year and a half. Works gates, crowds cattle, and drag calves. He is a big, smooth, pretty dark palomino gelding that is broke to ride and not a goofy arena gelding. Has never took a bad step in the 2 yrs. I have owned him and at times been used as a slave.

Deep rich colored palomino, white mane & tail. 14.3 hand open mare. Bred twice by a brown stallion off spring 1-solid buckskin and 1 sorrel with loads of chrome. This mare is the most pleasant to be in your herd, as she is a great leader, and communicates to her owners easily form the field whats needed. We kid here at the Double K Ranch that Quincy can recite the alphabet backwards, just that intelligent. This mare is a rodeo roping professional type horse only. She is all business with precision skills. We believe she will go in the history books as a money earner. We have owned her since a weanling. This girl is a powerhouse, and will get the job done. She is an outrageously handsome built mare. She has been in roping training and trail/leisure riding all year. She is UTD on vetting, shoeing, professional dentis 2-25-16. Rodeo cowboys here she is. Here is a big, stout, good looking gelding that is sound, safe for the whole family to ride and gentle to be around. 15.2 hands 1400 lbs. He is a versatile ranch horse that you can use to sort, rope one in the pasture, drag calves to the fire, or drag cattle into the trailer. His laid back disposition makes him pleasant to be around and ride. Go use him on the ranch and then the grandkids can safely take him on a trail ride. Only selling him due to my health issues.

This horse has a great flashy look with a long, thick mane and tail. He will be branded on each hip. 100% sound, super gentle, and ready to use. He will leave flat across the line, has a bunch of rate, and will leave off your hand. Just as smooth on the heel side running out there, making the corner, and giving you a good shot every time. This horse has been used in the sale barn and pasture. Absolutely no buck, kick, or bite. He will have a knot on the side of his jaw where he was kicked when he was a colt. This does not affect him at all and requires no maintenance. This is an all around outstanding horse.

Pinecone is waiting for that hard working ranch kid to take her to gather pastures with dad, stand quietly while she is loved on, and babysit the entire family when the kids need to stay safe. This very gentle mare was a finished reiner before being donated to K-State years ago as a broodmare. She has been one of the easiest mares to breed and continually passed down her quiet disposition to all her foals. She has been brought back as a rider since January and been used for ranch work and daily riding. Use her every day or twice a year for the grandkids, she is the same solid horse. Please check out K-State Horse Unit Facebook page for pictures and videos.

Grulla no white 2006 open mare bred twice by 2 different stallions off spring were both solid grulla. Easy mare to house, she is a clean freak in the stall. She has been to Eminence Mo trail riding 3 times as well as many other parks. She has been in training all year. She can side pass to open gates and would be a great trail class competitor. Doll is a great choice for a family horse as she is soft, sweet, forgiving, and fun to ride. You will find each member of the family will be fighting over who gets to ride her next. This mare fits in any herd and has no bad habits. Don’t miss out on this handy lil mare she is built right, current on vetting, shoes, professional dentist March 3rd she is ready to go, and will always be missed here at Double K Ranch.
