Outright gorgeous filly! Both grandsires and sire's full brother are big NCHA money earners! Unstarted due to leg injury. Although she's never actually been lame on it, we are not making soundness guarantees. 5 panel N/N.

7 yr. old half draft gelding that has been used in the pasture to rope off of. He is strong from the horn and moves good for a big horse. He has been used for a pickup horse and had drug bulls. Good gentle horse with good ground manners.

The good cow bred type. Gentle as they come, has been rode outside through cattle, has 45 rides, has had the rope swung and thrown off her, great mind, stands for the farrier, stands to be washed, takes everything very well. Would end up making a very nice calf horse or heel horse, but would excel at anything.

Dave is a big stout 11 year old gelding that has been used primarily as a head horse for the last 4 years. Dave is te main mount for a 15 year old boy who has won several High School Rodeos, qualified for the National High School finals and competee in and won money at several open amateur rodeos. Dave has also been to countless ropings, most recently winning the 10 and 12 point ropings at the USTRC Kansas Championships last month. Dave is truly one that runs to the hip and gives you a honest shot every time... enter the rodeo or jackpot; he will definitely not disappoint.

If your looking for a barrel/rope horse prospect don't look over this guy. Full siblings to his dam have made phenomenal 1D/rodeo caliber barrel horses as well as team roping and calf horses. These are the kind of horses with the ability, size and brains to be big time horses no matter what you want to do.
